 MANHASSET-GREAT NECK CAMERA CLUB

COLOR WHEEL

June, 2014 Volume 64 #10

President's Letter

This is my final message as Club President. I want to take this opportunity to thank all the members that supported me during the last 2 years. Without your support the club would not function.

It is important for members not to be observers only, but to pitch in with chores such as accepting and writing the print entries at the beginning of the meeting, help to pack up at the end of a meeting, help in displaying the prints. Don't leave it to the same people all the time. Step forward and ask, "How can I help?"

It takes a lot of work behind the scenes to keep the meeting going. Thank you to the Board of Directors for all they do. Thanks to George Novello for procuring the judges and speakers. Thanks to Naomi Mankowitz for editing the Color Wheel. Thanks to Dale and Suzan Goldstein who carry those prints back and forth to the PFLI.

Please give your support to Haig Hachadoorian as he begins his term as President and in his efforts to make this club better than ever.

Thanks to all for your love of photography and your camaraderie. *Have a great summer. See you in September.*

Monroe,
 President, MGNCC

Manhasset-Great Neck Camera Club 2014 - 2015 Calendar Year

September	8* and 22
October	13* and 27
November	10* and 24
December	8* and 22
January	12* and 26
February	9* and 23
March	9* and 23
April	6* (First Monday) and 20 (Third Monday)
May	4* (First Monday) and 18* (Third Monday) End of Year Competition
June	12th Dinner - tentative

**Competitive evening*

*Congratulations to
 Linda Abrams and Richard Halpern
 for moving from the B Group to the A Group -
 Great work!*

**Richard Halpern's photo "Bee on Flower"
 took 2nd place in the B Group Color Print
 at the Leonard Victor Awards**

*Many thanks
 to Red River Paper and also
 to Neptune Camera
 for donating valuable and very useful door prizes.*

Many of our prize winning photographs were printed on Red River Papers - they offer a fine selection of sizes and finishes to suit all your needs. Check them out at www.redriverpaper.com

See Neptune Camera's ad on the last page of this newsletter - they have been a friend of the club for many years.

*Great work! Keep shooting.
See you in the fall.*

Do you want your best photos to be seen on our website?

You can have a portfolio of your best photos appear on our club website. Just select which ones you want, and go to the MGNCC website at www.mgncc.org. Then go to "Upload Photos" and follow the directions. You will be asked to attach a short bio and the selected pictures to an email that will go to our webmaster. Please allow some time for our webmaster to link your pictures to the site. Then tell all your friends and contacts to go to our website to see your work. While you are there, you can view some of the excellent photos of your fellow members, both professional and amateur.

Meet our webmaster: Janina Krach. Janina created and has been maintaining the camera club website for over ten years now, as a sideline to her job as Marketing Director of Gerald Appel's Signalert Asset Management company. Janina will be glad to create a page for any member, and she will update your images if you send her a simple email request to jkrach@signalert.com.

Notes from George

Over the past year I have written about a number of things, some photographic and some not so photographic. In this final edition, I have chosen to discuss how interesting, fascinating and educational my membership in the MGNCC and its predecessor club, The Great Neck Camera Club has been. It is almost 14 years since I joined that club. At that time I was fortunate to have been added quickly and did not have to wait until an opening developed. I was thrilled to become a member. At that time, there were several truly fine photographers who gave of their time and interest to educate and in many instances mentor young photographers. For someone with a growing interest in the photographic world this was an ideal situation. Many of the truly experienced photographers gave classes that ranged from how to use certain lenses to the "Art of Seeing". The "claim to Fame" then was slides. Most of you know what slides are but for those few who do not... oh well, look it up on Google. There were no computer programs to play with and certainly much of what we did was in our own darkrooms. In any case, the club met four times a month. We had competitions once a month, and some sort of educational opportunity the remaining three meetings.

But as is the case in life, things change, and now we have the MGNCC which meets twice a month. Slides were eliminated from competition several years ago as the digital age not only grew but took over the bulk of photography. And with the rapid advances in technology, cameras got fancier, bigger then smaller, the mirror-less world has come into being and, as is the case in all technology, additional change is not only guaranteed but very likely just around the corner. But what has not changed, not one iota, in my opinion, is the thirst and desire to improve our photographic endeavors. We want to learn and utilize all possible means of improving what we do. We have an intense yearning to take better pictures and "see" better than we do now. We are all open to further our photographic experiences through educational formats, field trips and meetings.

The long term goal of the MGNCC is to provide that opportunity to its members and potential members. With a new administration about to take over, the Board of Directors of the MGNCC promises to make every effort to deliver on that promise

George V. Novello
